

Stake Holders Feedback Report

2016-17

Analysis of various feedbacks taken from students, parents, teachers and alumni brought the following issues to the notice of the leadership of the institution.

- In view of increasing demand for courses like B.com, BSc. B.Z.C (E.M) and BSc. Home science from students, faculty requested for increasing the number of seats in these courses, for B.Com from 60 to 70, for BSc. B.Z.C (E.M) from 30 seats to 40 and for BSc. Home science from 21 to 30 seats.
- Students and some parents suggested to introduce new courses based on new technology and Computer Applications which can enhance employment opportunities for students.
