1.The course content increase the learning benefit (ex: knowledge, logical thinking)

   o Strongly agree

   o Disagree

   o Neutral

   o Agree

   o Strongly agree

2. The examples and applications provided in class helpful in understanding Descriptive Statistics concepts

   o Strongly agree

   o Disagree

   o Neutral

   o Agree

   o Strongly agree

3. Write the name of the topic that you think must be added to the syllabus of this paper

_____

4. Is any topic difficult to understand ? Give the name of the topic and write what additional help you need with the topic

_____

5. course outcomes announced and explained at the beginning of the course help in a better learning of the course content

- o Strongly agree
- o Disagree
- o Neutral
- o Agree
- o Strongly agree

6. Apply knowledge and understanding of methods to analyze and solve problems in Descriptive statistics demonstrating the ability to use these concepts

- o Strongly agree
- o Disagree
- o Neutral
- o Agree
- o Strongly agree

7. Overall what aspects of Descriptive Statistics course do you think could be improved and do you have any additional comments or suggestions for enhancing the learning experience ?

_____

8. The text book was relevant and useful to you ?

- o Strongly agree
- o Disagree
- o Neutral
- o Agree
- o Strongly agree

9. The course description accurately described the course content ?

- o Strongly agree
- o Disagree
- o Neutral

o Agree

o Strongly agree

10. Do you want any other co-curricular activity (ex: workshop/certificate course) to be added understand the course content better ?

Feedback on Descriptive Statistics 2Ds-04 , April 2024

Department of Statistics

Program:BSc Data Science (H)
Sem II: 2023-24
Title: Descriptive Statistics
Course Code: 2Ds-04

Observations:

- The students have rated the course statistics-II as Strongly agree(22%), Agree(77%) .

- 5% of the students rated the course as Satisfactory. Only 1% rated as not satisfactory

Recommendations:

Majority of the students are satisfied with all the above parameters. The department is recommended to maintain the quality and take necessary actions for all the above parameters.
