Objective: Ragging is a disturbing reality in the higher education system of our country. Despite the fact that over the years ragging has claimed hundreds of innocent lives and has ruined careers of thousands of bright students, the practice is still perceived by many as a way of ‘familiarization’ and an ‘initiation into the real world’ for young college-going students. Other organisations/bodies working in this field have also attempted to define ragging, the variety of definitions being reflective of differences in perspective.

Ragging inside and outside the campus is illegal and is a punishable criminal offense under law. Government College for Women (A), Guntur, encourage students to attend Counselling through various committees established to prevent ragging.

Description: ‘Well-being with Anti-Ragging’ is adopted as success story by **Final Year Students to address First Year Students.**

The senior students in college shared their happiness in fun and learning atmosphere making their college life a memorable story. Ragging will create fear and mental imbalance in new students which reflects on their study time.

Attendance: 557 students & 10 Faculty

Outcome: Students understood the happiness of living in non-ragging campus.
