DEPARTMENT ACTIVITIES 2014 - 15

PARENT - TEACHER MEETING

The Department of Mathematics organized a parent teacher meeting on 9-7-2014 at seminar hall. Parents of Mathematics students, who are studying I, II, III B.Sc., attended the meeting. Smt. P.Nirmala Kumari, Lecture in charge, Department of Mathematics welcomed all the parents. She explained the importance of parent - teacher meeting for the overall development of the student. She said that these types of meetings were very much needed for the effective implementation of Institutional plans. Dr. L.Sasibala, Principal of the College, pointed that this is the platform where teacher and parent work together as a team to discuss the ways for the students' progress in the college. The parents are provided with the calendar of events, common rules regulations etc. of the department and of the college. Parents participated very interestingly and appreciated the initiative taken by the department. All the staff members of the department attended the meeting. The meeting ended with the vote of thanks proposed by Sri. G.V. Bhaskar, Lecturer in Mathematics.

Orientation Programme for I year students

The Department of Mathematics organized Orientation Programme session for I year students on 9-7-2014 in room no. 1 in the college premises. This session is of three hours duration. This session provided orientation to students about the autonomous pattern, credit system, internal and external examinations pattern, mathematics curriculum who are new to the college. They are also informed that guidance will be provided to them with personal care in the development of their educational plan, good study skills etc. The various co-curricular and extra-curricular activities of the department and of the college were introduced to the students. All the staff members of the department participated in the programme.

Career Counseling Programme

Invited talk on “Job opportunities for Mathematics and Statistics students in MNCs”

The department of Mathematics and Statistics arranged a talk on “Job opportunities for Mathematics and Statistics students in MNCs”. Sri. Prakash Ikkurthi, visiting Professor was the speaker. He explained the various vacancies available in the MNCs and the process for the entry in to those MNCs. He also stressed that the importance of Knowledge and skill in analytical skills, numerical ability and soft skills are very essential for getting these jobs. All the students of B.Sc. Mathematics and Statistics attended the lecture and benefited by the information provided by the speaker.

Celebration of National Mathematics Day

District level Quiz competition

On the eve of National Mathematics day-2014 the Department of Mathematics organized a quiz competition on “Life and works of Srinivasa Ramanujan” to all B.Sc Mathematics students in the district on 19.12.2014. Teams from Various colleges participated in the competition. The team from Government College for Women, Guntur won first prize and the team from A.C. College won the second prize.

Srinivasa Ramanujan Birthday Celebrations

Celebration of National Mathematics day

Math Fair- 2014

Exhibits on applications of Mathematics in the Universe

On the eve of National Mathematics day and Ganith Ustav the Department conducted an exhibition on mathematics models and poster presentation session on 19.12.2014 & 20.12.2014 at Assembly Hall. Sri.M..Prasada Rao, Regional Joint Director of Higher Education, Guntur, inaugurated the exhibition. Dr. L. Sasi Bala, Principal of the College, Sri. Ch. Pulla Reddy, Vice Principal, and Smt.P. Nirmala Kumari, Lecturer in Charge paid tribute to Sri Srinivasa Ramanujan by lighting the lamp. Students displayed posters on history of Indian Mathematicians, evolution of numbers, Mathematics in nature, tangrams, golden ratio, modular designs, mathematics in architecture, application of differential equations in forensic lab, mathematical calculation on the spread of Ebola, where to stand to see a statue, mathematics in real life etc. Also students displayed different models on recreational mathematics, models using three dimensional figures. Students and staff from different colleges and schools viewed the exhibition and gained knowledge through these exhibits.
